We oppose the proposed Canadian National Railway Company Acquisition of the E, J & E Railway Company based on the primary, secondary & tertiary environmental impact of the geographic areas which would suffer as a result of significant increase of railway traffic. This opposition takes into consideration the negative impact on (but not limited to) the following:

Safety

Transportation systems

Land Use & Socioeconomics

Energy

Air quality

Noise & Vibration

Biological Resource Impact

Water Resource

Environmental Justice

Cultural & Historic Impact

Secondary & Cumulative effects

We do not support this plan & ask that it be rejected & not moved forward by any company.
